Summary

Full Stack Developer at Testable with strong fundamentals in front-end and back-end technologies. Meanwhile, I am a student at the Faculty of Computer Science in Iasi. Also, a TALL stack (Tailwind, Alpine, Laravel and Livewire) enthusiast, big fan of design patterns, SOLID principles, PSR coding standard and I really enjoy delivering scalable and maintainable applications.

Skills

Programming languages: PHP | Javascript | Python | SQL | Java
Markup Languages: HTML | Markdown
Testing: PHPUnit | Pest

Databases: MySQL | Postgresql | Sqlite | Redis

OS: Linux (Ubuntu, Debian, Manjaro)

Source Code Versioning: Git | Github | Bitbucket

Web Frameworks: Laravel | VueJs | AlpineJs | Livewire

Tools: composer | npm | gulp | sass | less

IDEs: PHPStorm | IntelliJ

Miscellaneous: TDD | Design Patterns | SOLID | APIs | REST | Agile | Scrum | Jira | ORM | LateX | CSS | Tailwind

Experience

Testable, Romania | Full Stack Developer | 08/2021 - Present
- Create a web browser spreadsheet editor using vanilla JS
- Creating a notification system for changelog using Laravel command line, jobs and queue**s** systems
- Use AlpineJS and Livewire to create a highly responsible dashboard menu
- Writing Unit, Integration tests
- Hiding users sensitive data from downloadable files
- Linking the sms Twilio notifications API with the authentication system

Yogalive, Belgium | Web Developer | 08/2020 - 07/2021
- Use SASS to change the entire website design
- Write a Vue yoga booking form component
- Use Vue transitions to increase UX for the testimonials section
- Create an entire sorting and filtering system for yoga classes
- Consume the backend API

Metrics, Belgium | Web Developer Internship | 09/2020 - 10/2020

- Consume the Google Analytics API to display monthly metrics
- Improve the SQL queries for a better performance

Özel Ihlas Anadolu Lisesi, Turkey | Erasmus+ Project | 03/2018 - 04/2018
- Using Adobe InDesign create a paper tourist guide (available on my website)

Tiller VGS, Norway | Erasmus+ Project | 02/2017 - 02/2017
- Work at a tourist guide for youth (www.newsforyouth.org)
- Promote the guide online on instagram (https://www.instagram.com/permetior.mapp/)
- Create the financial plan of the business

Go! Atheneum Irishof Kapellen, Belgium | Erasmus+ Project | 01/2016 - 01/2016

- Come up with a business idea to make a traveling agency for youths
- Have a pitch in front of an audience of 50 people to validate our idea

Projects

1. Contributor to PasteIt, a copy of pastebin made from scratch - PHP, JS, MySQL, HTML, SCSS, IoC, Design Patterns, SOLID > project on Github

2. Creator and maintainer of the Calamintha Tuinontwerp-aanleg-onderhoud company website. A static website promoting the gardening skills of one of my friends - Vanilla JS, HTML, CSS, Netlify

3. My personal website - Laravel, PHP, MySQL, VueJS, HTML, CSS, SOLID, MVC > project on Github

Language Skills

Mother tongue(s): Romanian

07/2019 | Cambridge English Certificate (FCE) - B2 Level

Education

 Faculty of Computer Science, "Alexandru Ioan Cuza" University of Iasi | Software Engineer Bachelor's Degree | Graduation Year 2022

2018 | Colegio salesianos San Pedro, Sevilla Spain | Android Training Certificate
